(S) = Single car door

For Models 8680 and 8670 - Double car windows are named by the number of window panes in each door. Example: 8 Window Square for a single car door becomes 16 Window Square for a double car door, 12 Lite Square for a single car door becomes 24 Lite Square for a double car door. For arched windows on double car doors, you have the option of selecting a single or double arch.

Optional window placement

Windows may be arranged vertically or horizontally. Up to 50% of the door can include windows. Windows placed in the bottom section of the door must have DSB 1/8", or tempered, or 1/2" insulated glass. Vertical window options will be placed as a special order.
